

K. S. VENKATA KRISHNA REDDY

+91 9234353435 — ks.venkatkrishnareddy@gmail.com — LinkedIn — GitHub — Trailhead

Professional Summary

Information Technology graduate with a strong foundation in Java, Python, SQL, Data Structures, Algorithms, Object-Oriented Programming, and Software Engineering. Experienced through internships in Full Stack Development and Python application development, with hands-on experience in REST APIs, debugging, and web application development. Passionate about solving real-world problems, continuously learning new technologies, and building reliable software solutions.

Education

Bachelor of Technology (Information Technology)

2022 – 2026

Sri Venkateswara College of Engineering, Tirupati

CGPA: 7.3 / 10

Technical Skills

Languages: Java, Python, SQL, C

Core Concepts: Data Structures, Algorithms, OOP, DBMS, Operating Systems, Software Engineering

Web Technologies: HTML, CSS, JavaScript, Flask, REST APIs

Tools: Git, GitHub, VS Code, Postman

Salesforce: Trailhead Explorer

Professional Experience

Full Stack Developer Intern — KodNest

May 2026 – Present

- Developed responsive full-stack web applications using Java, HTML, CSS, JavaScript, and SQL.
- Designed RESTful APIs and backend modules following Object-Oriented Programming principles.
- Performed debugging, testing, code optimization, and version control using Git and GitHub.

Python Programming Intern — Hex Softwares

Jul 2025 – Aug 2025

- Developed Python applications using Object-Oriented Programming concepts.
- Built REST APIs, integrated external APIs, and developed web scraping solutions.
- Improved debugging, exception handling, and application performance.

Projects

Credit Card Fraud Detection System

- Built a fraud detection system using Python, Flask and Machine Learning.
- Developed REST APIs for real-time predictions.
- Improved fraud detection accuracy using Gradient Boosting.

Sneha Beauty Parlour Web Application

- Developed a full-stack web application using HTML, CSS, JavaScript and Flask.
- Integrated AI-powered beauty recommendations with responsive UI.

Smart Agriculture Monitoring System

- Developed an IoT monitoring dashboard with Flask for real-time visualization.
- Automated sensor-based monitoring and alert generation.

Certifications & Leadership

- Salesforce Trailhead Explorer (5+ Badges)
- Python Programming Internship – Hex Softwares
- Vice President – Little Hands NGO
- NSS College Secretary

Soft Skills

Problem Solving Analytical Thinking Communication Leadership Team Collaboration Adaptability
